

How do I change my OakTree Password

Question: How do I change my Oaktree Password?

Solution: To change your password you will need to either sign into OakTree Supervision or contact your Super Admin for assistance if you are unable to sign in.

Once you have signed in:

- 1) Go to the Settings Icon
- 2) Click Change Password

On the My Profile page

- 1) Enter your original password
- 2) Enter your new password
- 3) Confirm your new password
- 4) Click the [Change Password] button to save your update

A screenshot of the 'My Profile' page in OakTree Supervision. The page has a white background with a dark border. At the top, it says 'My Profile'. Below this, there are several fields for user information: Name, Title, Supervisor, Agency, Location, and Credentials. The 'Change Password' section is highlighted with a red border. It contains three input fields: 'Original Password' (with a red circle and '1' next to it), 'Password' (with a red circle and '2' next to it), and 'Confirm Password' (with a red circle and '3' next to it). At the bottom of this section is a blue button labeled 'Change Password' with a red circle and '4' next to it.
